

Digital Coach Support Strategies:

Mentoring for Authentic Project Design:

Support teachers in designing real-world, interdisciplinary projects that integrate all 21CLD dimensions.

Facilitate External Partnerships:

Help connect teachers with industry, community partners, or alumni for authentic project feedback and real-world relevance.

Track and Celebrate Milestones:

Use digital dashboards or progress trackers to visualise project milestones and celebrate achievements.

Engage in Community Discussions:

Lead or moderate discussions around challenges and solutions in implementing real-world projects, fostering a culture of shared learning and innovation.

Encourage Reflective Capstones:

Guide teachers in creating reflective capstone presentations or portfolios that document their journey and outcomes.

Additional Strategies:

Action Research Support:

Encourage teachers to engage in action research, collecting and analysing data on the impact of their 21CLD projects.

Coach-the-Coach Model:

Train interested teachers to become peer coaches, expanding the community of practice and sustaining momentum.
